VOW Awards 2009

Comment:

Michele, is truly brilliant at what she does, she goes over and beyond anything you could ever expect. She is so easy to work with and she really listens and understands what you want and she captures it all so perfectly. My wedding would never have been as stunning as it was if it was not for Michele. I really believe Michele is the gem of Durban and I have yet to see any florist who does a better job than her.
